

My Grandma Has a Green Thumb

by Liz, Rebecca, and Anna Livingston and Grandma McConochie

My grandma has a green thumb
The seeds she plants all grow!
She waters, and she weeds,
And she hoes and hoes and hoes!

She grows: cucumbers, tomatoes,
Radishes, potatoes,
Big and juicy cherries,
Tangy, tart blueberries!
There's a pumpkin that I want to pick to
carve on Halloween.
I eat her grapes right off the vine.
Do you see what I mean?

Oh, I love my grandma's garden--
I go there for a snack.
She's got to teach me gardening;
She really has a knack!
